

## A NEW WAY TO PLAY, SPARK TRIXX

Play like never before with your watercraft. Whip, dip, spin and dunk with ease thanks to one-of-a-kind features. This is easily the most hair-raising and head-turning ride on the water.

## BETTER TRICKS AT YOUR COMMAND EXTENDED RANGE VTS

This Sea-Doo exclusive extended range variable trim system feature lets you exaggerate how high you can raise the nose or how deep you can bury it in the water. Which means pulling off tricks has never been so easy, or fun.

Adjustable riser, Get your grip.  
Sport mode, High-octane fun.

Intelligent brake and reverse,  
Exclusive to Sea-Doo, the iBR system lets you stop sooner for greater peace of mind and offers more control and maneuverability.

Closed-loop cooling system,  
A Sea-Doo Exclusive  
This technology prevents corrosive saltwater and damaging debris from entering the engine, for increased reliability and peace of mind.

## TAKE A STAND, STEP WEDGES

The step wedges provide more stability and confidence in different stand-up riding positions. Making it easier to pull off tricks like a pro.

## LIGHTWEIGHT AND HIGH-STRENGTH POLYTEC HULL MATERIAL

This robust material reduces the weight of the watercraft to deliver peak performance and efficiency, and makes it easy to tow with most cars. Plus, the color-in molding makes it more scratch-resistant than fiberglass.
